Good examples

- Funding of research projects within Health and welfare of ageing populations
 - Forte and Indian Council of Medical Research
- Mapping of strategic areas for collaboration
 - EU, Stockholm Environment Institute and IVL Swedish Environmental Research Institute
- Antibiotic resistance
 - Public Health Agency of Sweden and National Center for Disease Control
- Vision Zero on Healthcare-Associated Infections
 - Essity, EMPE Diagnostics, Bactiguard and Green Karmas
- Digital courses for frontline health workers
 - Global Health Care Colleges, SkillEd India and National Skill Development Corporation

**Technical
innovations
for human
well-being.**

Horizon Europe: Funding opportunities for Health Research

Sweden Innovation Days
22 March 2023

*Stéphane Hogan
Head of Unit – Health Research
Health & Digital Executive Agency*

EC vs EAs

European Commission

Directorates-General (DG SANTE,
DG RTD, etc...)

- Define policies
- Draft Work Programmes
- Commission decisions

Executive Agencies

EAs (HaDEA, CINEA, REA, etc...)

- Implement calls for proposals
- Monitor projects
- Feedback to policy (F2P)

Horizon Europe Health

Horizon Europe Health generates new knowledge and develops innovative solutions to protect people's health and wellbeing

[Horizon Europe – Health research video](#)

Health Research – Horizon Europe (2021-27)

- **Health cluster: 6 “destinations”:**

1. Staying healthy in a rapidly changing society
2. Living and working in a health-promoting environment
3. Tackling diseases and reducing disease burden
4. Ensuring access to innovative, sustainable and high-quality health care
5. Unlocking the full potential of new tools, technologies and digital solutions for a healthy society
6. Maintaining an innovative, sustainable and globally competitive health industry

Health Research – Horizon Europe (2021-27)

- **Cancer Mission objectives:**
 - to **understand** cancer, its risk factors and impact;
 - to **prevent** what is preventable;
 - to **optimise diagnostics and treatment**;
 - and to **support the quality of life** of people living with and after cancer, while **ensuring equitable access** for all.

Calls for proposals 2023-2024

2023 Cluster 1 calls for proposals

- Single-stage calls, 29 topics
indicative EU budget: €847 million
Deadline: 13 April 2023

- Two-stage calls, 9 topics*
EU indicative budget: €320 million
- Deadline: 19 Sept. 2023 & 11 April 2024
Single-stage call, 6 topics
indicative EU budget: €189 million
Deadline: 11 April 2024

2023 Cancer Mission call for proposals:

- Single-stage call, 4 topics
Indicative EU budget: €110.7m
Deadline: 12 April 2023,

2024 Cancer Mission call for proposals:

- Work programme to be published end-2023.

* “blind evaluation” at first stage and “lump sum” funding mechanisms

Topics with co-funding from India

- HORIZON-HLTH-2023-DISEASE-03-04: **Pandemic preparedness and response: Broad spectrum anti-viral therapeutics for infectious diseases with epidemic potential**
Opening: 12 Jan 2023 | **Deadline: 13 Apr 2023**
- HORIZON-HLTH-2024-DISEASE-03-13-two-stage: **Validation of fluid-derived biomarkers for the prediction and prevention of brain disorders**
Opening: 30 Mar 2023 | **Deadline(s): 19 Sep 2023** (First Stage),
11 Apr 2024 (Second Stage)
- HORIZON-HLTH-2024-DISEASE-08-20: **Pandemic preparedness and response: Host-pathogen interactions of infectious diseases with epidemic potential**
Opening: 26 Oct 2023 | **Deadline: 11 Apr 2024**

Indian government – Department of Biotechnology (DBT) – will fund Indian partners.

Funding collaborative research – basic principles

- Annual work programmes published or updated each year
- Funding rate: up to 100% of eligible costs for most topics + 25% for indirect costs
- Collaborative research projects: min. 3 independent legal entities from 3 different EU Member States (min 1) or associated countries
- Partners from 3rd countries can be included, without funding for industrialised countries
- Single-stage OR two-stage application process
- Peer review by panels of independent experts;
3 evaluation criteria (Excellence, Impact, Implementation)
- Ethics screening
- Grant Agreement Preparation: max. 8 months from submission to signing grant agreement
- Reporting on scientific progress and on financial aspects (every 12 or 18 months)
